Innovation

Description: In this session, industry experts and practitioners will share their views on the role technology can play in getting us closer to our decarbonization goals, and what changes building owners & operators need to make along the path to net zero. During the course of the discussion, you will gain actionable insights and learn about:

- Why the path to net zero is not straightforward and how you can navigate it
- The benefits of adopting a software-led approach viz a viz physical retrofits
- The advantages of a centralized, platform-based approach to building ops
- How to optimize portfolio-wide performance in real time to achieve decarbonization goals

6. **ASHB Podcast** – Chris Larry (Exp US Services Inc.)

7. **ASHB Journal** – Ken Wacks (Ken Wacks Associates)

8. **White Paper Sub-Committee Update** – Ken Wacks (Ken Wacks Associates)

9. **New Business** – Bob Allan (NAVCO, Inc.)

10. **Announcements** – Robert Lane (Robert H. Lane & Associates Inc.)
